

TUTOR/COUNSELING POSITIONS
WITH THE
Regional Math/Science Center
Frostburg State University
Summer Program 2017

The Upward Bound Regional Math Science Center (RMSC) at Frostburg State University seeks tutor/ counselors for a summer program designed to encourage and motivate qualified high school students to pursue post-secondary education and to develop skills and attitudes essential for success beyond high school.

POSITION DESCRIPTION:

- These are **residential positions** and Tutor Counselors (TCs) are responsible for supervising program participants (high school students) in the residence halls and during all RMSC sponsored activities.
- Tutor Counselors are also an integral part of the student's academic experience as TCs attend academic classes with the students and assist them as they complete their scientific investigations.
- TCs also chaperon field trips; plan & lead recreational activities; and create, maintain & enforce a safe, positive & productive residential hall living environment.
- Includes one week of staff training and the 5-week summer program with students.

TENTATIVE DATES: June 11- July 21, 2017

SALARY: \$2,700. Position also includes room, board, and all field trip expenses are paid by the RMSC.

MINIMUM REQUIREMENTS:

- One Year Undergraduate Experience
- Comfortable Working Out Of Doors (most of our science projects include field work)
- Excellent Interpersonal & Communication Skills
- Ability To Relate To Diverse University Population
- Evidence Of Success In Course Work In Science, Math or Writing
- Minimum GPA of 2.5

PREFERRED QUALIFICATIONS:

- Experience Supervising Students In Residential Setting
- Tutoring Or Teaching In Math, Science Or Writing
- Experience As Camp Counselor
- Valid Driver's License
- Experience With Disadvantaged Youth
- Participated In TRIO Or Similar Program.

TO APPLY: Send a letter of interest; resume; copy of transcripts; and names, addresses, and telephone numbers of three professional references to:

Regional Math/Science Center
101 Braddock Road
Frostburg State University
Frostburg, MD 21532

OR **RMSC@frostburg.edu**
*If applying via email please indicate position
and your name in the subject line:*
ex: TC – Jim Smith

DEADLINE: Applications are reviewed as they are received, and interviews will begin in January and continue until all positions are filled. You are encouraged to submit your application early for consideration for these positions.

About the Regional Math/Science Center

The FSU Regional Math/Science Center is a federally funded Department of Education Upward Bound program designed to help low-income, potential first generation college students achieve their goals of attaining college degrees, specifically in the fields of math and science. Participants in the program attend a multi-week summer session on the campus of FSU where they are engaged in a scientific research project. The RMSC strives to develop exciting hands-on projects that are relevant to modern life.

While working on these projects the practical use of the scientific method is emphasized. Students must develop testable hypotheses, help design the study, collect the data needed, analyze the data, draw conclusions based on the data collected and finally present their study in both oral and written form. Students learn about peer review as they present their study progress each week to the other students in the program. They also learn to use the computer for data analysis, for data processing their formal report, and for developing a power point presentation that is presented to a panel of scientists and an audience of parents, university and public officials.

While at FSU students also participate in a variety of activities designed to promote strong study skills and positive social behaviors, as well as activities that provide recreational and cultural experiences.

FSU Is An AA/EOE. Appropriate Auxiliary Aids & Services For Qualified Individuals W/Disability Will Be Provided Upon Request. Please Notify In Advance. WWW.FROSTBURG.EDU
